Dear Chairmen and Ranking Members:

I am requesting funding for an Aircraft Maintenance Hangar in Fiscal Year 2027. The entity to receive funding for this project is the North Carolina Army National Guard (NCARNG). The project is located at Salisbury Readiness Complex in Salisbury, North Carolina.

The funding would be used to construct a Aircraft Maintenance Hangar Addition/Alteration and supporting facilities that provide consolidated multipurpose space for the maintenance, repair, and major overhaul of military aircraft and may include tech supply, production control, and quality control areas directly related to the maintenance of aircraft, and supervision of component and assembly rebuilding, and quality control of aviation maintenance requirements for the NCARNG.

The project has a federal nexus because the requested funding would be for purposes authorized by 10 U.S.C. Chapter 169.

The project is an appropriate use of taxpayer dollars and is anticipated to ensure the most efficient utilization of resources to support the NCARNG and accomplish all assigned missions.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Richard Hudson
Member of Congress
